

UserException

```
graph BT; A["PetitPrinceService  
::InvalidDrawParams"] --> B["UserException"]
```

The diagram illustrates an inheritance relationship. A light gray box at the top contains the text 'UserException'. A dark gray box at the bottom contains the text 'PetitPrinceService' followed by '::InvalidDrawParams' on a new line. A solid blue arrow points vertically from the top of the bottom box to the bottom of the top box, indicating that 'PetitPrinceService::InvalidDrawParams' inherits from 'UserException'.

PetitPrinceService
::InvalidDrawParams
