

omniServant

```
graph BT; A["_impl_PetitPrinceService"] --> B["omniServant"]
```

A UML class diagram illustrating inheritance. The class `_impl_PetitPrinceService` is shown as a gray rectangle at the bottom, and the class `omniServant` is shown as a white rectangle at the top. A solid blue arrow points from the bottom of `_impl_PetitPrinceService` to the bottom of `omniServant`, indicating that `_impl_PetitPrinceService` inherits from `omniServant`.
